### Works with Motorola Solutions MOTOTRBO™ radio systems

Application sold and supported by Motorola Solutions. Operates with MOTOTRBO radio systems. Used with Motorola MOTOTRBO radio systems, it offers a significant increase in their functionality. The IP-based solution allows dispatchers to work from multiple locations, transmit voice and send text messages, archive them, communicate with other dispatchers, diagnose the radio system, as well as a range of other functionalities increasing the system's operation efficiency.
