

MOTOTRBO. REMASTERING WORKFORCE COMMUNICATIONS

BE SAFER, MORE EFFICIENT AND MORE PRODUCTIVE WITH THE POWERFUL
DIGITAL PERFORMANCE AND ADVANCED CAPABILITIES OF MOTOTRBO™

5 WAYS YOUR ORGANISATION WILL BENEFIT

BETTER STAFF UTILISATION

Enabling workers to execute everyday tasks faster and more accurately increases productivity and helps control staffing costs too.

ENHANCED PERSONNEL SAFETY

Automated systems and procedures can help keep staff, clients and members of the public safe day-to-day or during critical events.

UNPARALLELED TEAM COLLABORATION

Connecting team members, no matter where they are, so that they are instantly accessible and interconnected, means they can act as a single, unified group to better serve their customers.

MORE EFFECTIVE MANAGEMENT

With visibility into real-time information like maintenance schedules, location of people and assets or room availability, managers are better equipped to make better decisions.

REDUCED ADMINISTRATIVE TIME

Replacing paper-based systems with automated processes reduces admin time and the opportunity for errors.

10 WAYS MOTOTRBO DELIVERS MORE

HIGHER EFFICIENCY

Digital technology delivers voice and data in half the bandwidth of analogue voice. Sophisticated MOTOTRBO trunking systems give you improved resource utilisation.

LOCATION TRACKING

Improve safety and efficiency by keeping track of your resources with high efficiency GPS and GLONASS as well as convenient Bluetooth indoor location-tracking.

BUILT-IN WI-FI

MOTOTRBO integrated Wi-Fi® capability lets you update your radio software or contacts list remotely.

LONGER BATTERY LIFE

Get three shifts from one battery. The efficiency of digital and the latest energy technology delivers up to 29 hours of battery life.

BETTER COVERAGE

Digital technology reaches further, with clear speech even in fringe coverage areas. Next-Generation MOTOTRBO's improved sensitivity increases that by another 5-8%.

SUPERB AUDIO

Communicate clearly, every time. The superior noise cancellation and sophisticated audio processing features of MOTOTRBO keep your workers connected.

IMPRES™ ACCESORIES

From smart battery management to self-optimising audio devices, Motorola Solutions patented IMPRES accessory technology helps you get the most from your radios.

TEXT MESSAGING

Use the built-in text messaging capabilities of MOTOTRBO for extra convenience, traceability and accountability.

DATA AND APPLICATIONS

Leverage and extend your voice communications with safety, productivity and control room data applications.

UNIFIED COMMUNICATIONS

Connect your workforce, regardless of the device they are using via the WAVE broadband Push-to-talk (PTT) platform. Whether on a smartphone, radio, computer or landline device, your personnel can connect instantly and securely via PTT.
